

DENTISTS ARRANGE THEIR PROGRAM FOR YEAR 1910

Copper Country Society to Hear Interesting Papers at Its Meeting.

RANGE OF SUBJECTS IS WIDE

The Copper Country Dental society has arranged its program for the coming year. Meetings will be held each month at which interesting papers relating to the profession will be presented by members and discussed. A wide range of subjects is included in the list. The program committee consists of Drs. A. G. Coggin, chairman, A. P. Whittemore, R. H. Banks, J. A. Ogden and A. Baldwin. The program of monthly meetings follows:

Dec. 13, 1909—Subject, Anatomy of the Human Teeth, by Dr. R. H. Banks, Hancock. Discussion leaders, Dr. R. W. DeMass and Dr. N. B. Fox.

Jan. 10, 1910—Subject, Discolored Teeth and their Treatment, by Dr. J. A. Ogden, Calumet. Discussion leaders, Dr. A. Baldwin and Dr. W. A. Courtney.

Feb. 14—Subject, Cements, by Dr. P. E. Steinback, Hancock. Discussion leaders, Dr. W. F. Corbett and Dr. P. W. Bryant.

March 14—Subject, Artificial Dentures, by Dr. W. S. Whistler, Calumet. Discussion leaders, Dr. C. Runge and C. P. Ferrie.

April 11—Subject, Caries of the Teeth, Causes and Treatment, by Dr. J. Polglase, Laurium. Discussion leaders, W. J. Spencer and R. L. Allen.

June 13—Subject, Articulation of Artificial Denture, by Dr. W. F. Corbett, Houghton. Discussion leaders, R. P. Nell and A. P. Whittemore.

Aug. 8—Subject, Contouring and Finishing Gold Fillings and Inlays, by Dr. J. R. Watson, Calumet. Discussion leaders, A. G. Coggin and T. E. Steinback.

Oct. 10—Subject, Financial End of Dentistry, by Dr. W. A. Courtney, Hancock. Discussion leaders, P. C. Runge and R. H. Banks.

Nov. 14—Subject, Malnutrition in School Children, by Dr. N. B. Fox, Hancock. Discussion leaders, W. S. Whistler and A. Baldwin. Election of officers and annual banquet.

OVER 370,000 EMPLOYES.

Government "Blue Book" Shows Annual Pay Roll of \$31,541,225.

Washington, Dec. 3.—The personnel of Uncle Sam's establishment is increasing by leaps and bounds, the grand total of all federal employees at present being approximately 370,000, as against 306,141 in 1907, an increase in two years of about 64,000 persons or 20 per cent.

These and other interesting facts are brought in the official register, or government "Blue Book" for 1909, which shortly will be issued by Director of the Census Durand.

The new publication will show there were 28,947 persons in the federal employ in Washington on July 1, last, the

annual payroll for them being \$21,541,225, an average of nearly \$1,100 each. This total will be temporarily swollen next year by the addition of about 3,000 persons to the clerical force of the census bureau, adding nearly \$5,000,000 in salaries.

The District of Columbia leads all the states and territories in the number of persons working for the government in this city. The District has given the government 8,691 employees who receive an annual compensation of \$7,196,324, while New York follows with 2,323 employees whose yearly compensation aggregates \$301,571. Oklahoma is credited with the smaller number—18—whose aggregate salaries amount to \$25,226.

The treasury department, with 6,996 persons takes the lead in the number of employees, while the executive office ended the list with only 43.

THE PRESIDENT IN CALUMET DR. HAWLEY

President of the German and English Staff of Physicians and Surgeons, Composed of German, English and American Doctors now permanently located at the

Central Hotel AND WILL RENDER SERVICES TO THE SICK.

FREE

UNTIL THE EVENING OF JAN. 1ST.

You need not bring money, as consultation and advice is free, the rich and poor alike treated. All who call upon the doctors before the above date will receive consultation, examination, advice and surgical operations free. All that is asked is that every person treated will state to their friends the result obtained by their new system.

The object in pursuing this course is to become rapidly and personally acquainted with the sick and afflicted.

ALL DISEASES OF MEN, WOMEN AND CHILDREN TREATED.

These doctors are said to be the greatest Stomach, Liver and Kidney Specialists in America.

No matter what your disease may be or how long standing, the doctors will locate your disease without asking you any questions.

RUPTURE ANYONE CURED.

In three treatments, many cured with one. No knife, no pain, no risk, no detention from business.

These doctors are skilled specialists and will be found ready and willing to extend the hand of help, bringing back health and happiness where now exists sickness and sorrow. A special invitation to anyone suffering from disease pronounced incurable. It matters not what your disease may be, go and be examined; if curable, they will treat you; if incurable, advise you. These doctors treat every variety of disease and deformity. They have had a vast experience in London, Paris, Heidelberg and Stockholm.

OFFICE HOURS: 9 a. m. to 8 p. m.

LAURIUM

SOME OF THE STREETS HERE MAY BE EXTENDED

Matter of Opening Traffic With Swedetown District to be Taken Up.

COUNCIL WILL MEET TUESDAY

At the next meeting of the Laurium village council, which is to be held next Tuesday evening a lengthy session is anticipated. One of the most important matters to be considered is the proposed extension of some of the village streets to the suburban districts, particularly in the Swedetown district. This is being urged by residents living in that section, and by Laurium business men in general. It is claimed that the improvement in question would divert business into channels where it rightly belongs.

While no actual work can be done this winter, still the matter will be discussed, and possibly some action taken leading to a renewal of the question early in the spring.

At the coming meeting the lighting committee will be in a position to make a report. The village now is exceedingly well lighted, there being no dark corners to complain of. It will be remembered that this question was brought up at the last council meeting, with the result that the street and lighting committee was instructed to take the matter up with the Houghton County Electric Lighting company, with power to act. This was accordingly done, with the result that no complaints are now being made as to street illuminations in any part of the town.

Treasurer Baggett will have a report to make. It will not be the most flattering, it is expected, the treasurer having much to contend with in the collection of taxes. Many of the residents have been called upon to foot extra taxes on account of the hundreds of feet of concrete sidewalks that have been built. This has worked against the collection of some of the real and personal taxes.

A regular storm period extends from the 9th to the 11th, being central on the 10th. A marked rise in temperature will begin in western sections about the 10th, and during the 11th to 14th violent winter storm will sweep easterly across the country. A cold wave and high barometer that will reach far into the south, about the 12th to the 15th.

A reactionary storm period is central on the 16th, 17th and 18th. The strain of December solstice will be manifest by continuous boreal storms through all this part of the month.

A regular storm period central on the 22nd, covers the 20th to the 25th. This period is at the center of the winter solstice. In all reason it will bring heavy winter storms on land and sea.

A reactionary storm period is central on the 27th, 28th and 29th. On these days renewed storms of sleet and snow will sweep over most parts of the country and will be followed by high barometer, blizzards winds and very cold.

RICHARDSON IS PROMOTED.

Supt. A. Richardson, in charge of the Laurium branch of the Houghton Co. Traction company, will leave shortly for Seattle, where he has been promoted to the superintendency of one of Stone & Webster's most important street railway systems. He will control a system operating 412 cars. Mr. Richardson, during his stay in the copper country, has gained the esteem and respect of a large number of businessmen and others of this district, as well as the employees of the company.

TRAINMEN WILL DANCE.

Committees Appointed to Arrange for Annual New Year's Ball.

Arrangements are being made by the Calumet branch of the Brotherhood of Railroad Trainmen to hold their nineteenth annual ball at the Calumet Light Guard armory the evening before New Year's or on the night of Dec. 31. The old year will be danced out and the new year in. There will be many new and novel features that will make the event one of the most pleasurable of the season.

Committees have been named as follows: Arrangements—James Tobin, Joseph Elster, Ed. Othole, Dan Ross and Charles Ferris.

Floor Committees—Adam McCormack, Con Sullivan, Herbert Rich, Jerry O'Brien, Wilfred Menzies and James Shea.

The Calumet & Hecla orchestra has been engaged to furnish music for the evening and the program, which will be announced later, is now being prepared.

ONE OF THEM IS TEST CASE

Attorney P. H. O'Brien will go to Marquette county next week to represent clients in four personal injury cases which are to be tried in Marquette county in the next term of circuit court.

One of these suits is that brought by John Maki against the Jones & Laughlin Ore company, who asks damages as the result of an accident that befell him while employed in the Rolling Mill mine near Negaunee Sept. 20, 1907. This is a test case and if a verdict for the plaintiff is secured more will be taken up. In this accident eight men were killed and several more injured.

Samuel Hosking has a suit against the Cleveland-Cliffs Iron company in which he asks for \$25,000 for the loss of one leg, which is alleged to have been crushed by a fall of ground.

The last suit of this class is brought by Solomon Risku against the Iron Cliffs company, as the result of an accident which befell the plaintiff while working in the Barnum mine in 1905. Risku declares that he sustained injuries which necessitated the amputation of one leg, and asks for \$20,000 damages.

The Hosking case has been tried already and a verdict of \$5,500 awarded by the jury. Judge Stone, however, granted the company a new trial.

Another case is brought by Wm. J. McCormick, as administrator of the estate of John Anderin, deceased, against the Pioneer Iron company. The petition in this action sets forth

that Anderin received injuries while employed at the Marquette furnace July 29, 1907, which resulted in his death two days later. The accident occurred by the furnace doors blowing open and Anderin being burned with molten metal. The plaintiff asks for \$20,000 damages.

ANOTHER TUPPER LECTURE.

Lecturer Will Deliver Discourse at Baptist Church Monday.

Rev. Kerr Boyce Tupper of Philadelphia, who recently gave a lecture at the Calumet Baptist church, on "The Humorous Side of a Pastor's Life," will give his lecture on "Is the World Growing Better?" next Monday evening in the Baptist church. While his first lecture was along humorous lines his second discourse will deal with the more serious things of life, and much of an instructive and interesting nature will be heard by those who attend.

Rev. Tupper has been spending some time in northern Michigan for the benefit of his health. He expects to leave next Tuesday for his home.

HICK'S DECEMBER WEATHER.

Long Range Forecaster Proceeds to Tell Us All About It.

Rev. Irl R. Hicks has issued his weather predictions for December. Listen here:

A reactionary period is central on the 4th, 5th and 6th. A cold wave of much intensity will prevail over western to central sections of the country as we pass from November into December. From the 4th to the 7th, the cold will relax. Renewed storms of rain and snow will prevail over most sections of the country.

A regular storm period extends from the 9th to the 11th, being central on the 10th. A marked rise in temperature will begin in western sections about the 10th, and during the 11th to 14th violent winter storm will sweep easterly across the country. A cold wave and high barometer that will reach far into the south, about the 12th to the 15th.
